"bella soul's evocative music strikes a rare series of balances, proving that you can in fact have it all. They are both passionate and professional; ambitious and grounded; smooth and gritty.

Most importantly, they are bursting with the urgency and joy that is at the core of so much great music."

"At the heart of bella soul's seamless mix of soul, blues, jazz and rock music is a talented, loving couple's wholehearted passion for reaching higher ground and greater purpose with their music."

**-Michael Swanger**  
Cityview Magazine

"Blues from the roots of an Iowa corn field, bella soul owes nothing to commonly accepted birth places of the blues. Their mix of jazz, funk and blues is a breath of fresh air in a reemerging blues market... Great vocals."

"bella soul is one of those rare bands that has everything - a powerhouse, charismatic singer, Tina Haase Findlay, who will literally blow the roof off and great original songs worthy of her talent. The band writes and plays with heart and conviction and plays REAL rock and soul music!"
