Boogie Blues Rock from Kansas City

## Levee Town

Levee Town is truly reminiscent of the old rock n roll energy that very first dominated the stage, but with a searing blend of blues and rockabilly stylings. Since

forming in 2002, the band has taken their powerhouse sound from the fertile Kansas City blues scene to festival stages all over the US. Known for their explosive live shows, this foursome has won adulation and critical praise the old-fashioned way - they earned it. Fronted by a trio of talented singer-songwriters, Levee Town is never at a loss for fresh new material. In addition to playing an average of 250 dates a year, the band is constantly writing new songs and revamping the classics.
